Notifying us of succession

Please submit your <u>notice of succession notification form</u> [https://upgrade.sra.org.uk/solicitors/firm-based-authorisation/existing-firmsapplications/notice-succession/] by 17.00 on 29 August 2025 so we have time to process this before October.

If you submit your succession application after this date, then there may be a delay. The fee that appears on your bulk renewal application can only be updated once this succession application has been processed.

If you send us your application after your bulk renewal application has been submitted, we may ask further questions or require additional fees. It may also delay the issuing of any practising certificates / registrations.

Closing down a practice

You also need to close any law firms you are no longer using and/or do not require SRA authorisation. <u>Find out how to do this</u> [https://upgrade.sra.org.uk/solicitors/firm-based-authorisation/firm-closures/].

Verifying your identity

When logging in, alongside entering your password, we will send a code to your registered phone number by SMS text message or phone call to <u>verify your identity [https://upgrade.sra.org.uk/mysra/updates/verifying-mysra-account/]</u>. We highly recommend using a personal number, as you will need to have this phone with you when you access mySRA. If you need to change your authentication phone number, please <u>contact us</u> [https://upgrade.sra.org.uk/contactus].
